APPLICATION PROCESS

Application process
Our application process has four stages:

1. Preparation
2. Outline proposal
3. Write your application
4. On-line Application Submission

1. **Stage one – Preparation**

Before you submit an application you should complete the following check list:

- Read *What we fund (and what we don’t)* carefully
  
  We fund progressive campaigns for political and democratic reforms which are too political for other funders. We do not accept applications from charities or for charitable campaigns. Please check our “What we don’t fund” list – if your organisation or work falls into any of the categories, please do not apply.

- Check the *Important Dates*
  
  If you are applying for more than £5,000 you need to be aware of our deadlines.

- Make sure you know what we need from you at each stage of the *Application process*. You need to submit an outline proposal for assessment before thinking about a full application.

If you think we could fund your campaign, move on to stage two of the process.

2. **Stage two – outline proposal**

We have a pre-application process to provide potential applicants with a swift response on whether or not a proposed project fits within our criteria and the Board’s current concerns. We do not want you to spend many hours preparing an application which is extremely unlikely to receive funding.

Please submit a 1-2 page outline of your proposal to info@jrt.org.uk for initial assessment as early as possible and, for amounts over £5,000, no later than one week before the deadline for full applications.

You can check when the next deadline is in the *Important Dates* section.

Your outline should include the following information:

- The name and legal status of your organisation (including your company number if you have one). If you have charitable and non-charitable arms, please provide information on both and make it clear why you believe the work cannot be undertaken by the charitable arm.

- The total amount you are applying for and the duration of the project

- A summary of your proposed application – tell us what it is you want to do, why, and what you hope to change as a result of your campaign. You may use the questions set out in the *How to draft a full application* advice to help you.

We will acknowledge receipt of your outline proposal.

We will assess your outline on the following criteria:

- its compatibility with the Trust’s core objectives and Directors’ current concerns
- its relevance and likelihood of success in the prevailing political climate
- the skills, capability and funding of your organisation

We will send feedback within three working days to advise you whether or not your proposal is eligible to move to a full application.

This assessment is made by staff so it is important to note the following:
3. **Stage Three - Writing your application**

If you are given the go-ahead to move to a full application, our Grants & Projects Adviser is available to comment on a draft of your full application. We recommend that you send her your draft application so she can provide you with feedback on content and raise any concerns/omissions well in advance of the deadline for applications. She may also ask you to send advance copies of your annual accounts if you are new to the Trust or have not applied for some time.

Please read our guidelines for [writing an application](#) before you send your draft to our Grants & Projects Adviser.

When you have a final version of your application, please move onto Stage Four.

4. **Stage Four – on-line application**

Please make sure you have completed steps one to three before submitting your final application as you will have to make a declaration at the start of the process as to whether the Grants & Projects Adviser has commented on your outline proposal.

When the final version of your application is ready, you can submit it to the Trust via our online application system at [http://www.jrrt.org.uk/apply](http://www.jrrt.org.uk/apply).

You will be asked to provide some basic information about your organisation and your application during the online process – however, once you have registered you are able to save a draft application and return to it at a later date.

You will need the following information to hand:

- Organisation Name
- Legal name if different to above
- Full postal address
- Legal status of organisation
- Company registration number if applicable
- Contact name
- Contact email address
- Your position in organisation
- Website address
- Amount requested
- Title of your campaign
- A brief summary of your proposal
- When you would like the grant to start
- Length of grant
- Names of the people on your Board or Steering Group

Please make sure you have the following documents ready to upload at the end of the on-line process:

- Your full application (up to 6 pages of A4) – in Word format.
- Your most recent annual accounts
- If you are applying as an individual – an up-to-date CV

You will not be able to amend or update any part of your application once it has been formally submitted.

An application for more than £5,000 must be submitted **before noon on the relevant closing date** or it will not be considered until the following quarter.

Your on-line application will be acknowledged by email. Please do not call us for the outcome of your application: we will send you written notification as soon as possible once we have a decision from the Board.
